

FOR IMMEDIATE RELEASE

**The Energy Resources Center, University of Illinois at Chicago to Host:
*Illinois Save Energy Now Industrial Energy Efficiency Forum***

ELK GROVE VILLAGE, IL – April 5, 2010 – Steiner Electric Company's Richard Wyton will join other members of the USDOE Energy Efficiency Tools for Industrial Engineers Panel – the professional representative of Steiner Electric Company's Lighting Applications Group – on April 21, 2010 in participating in the Illinois Save Energy Now Industrial Energy Efficiency Forum at the UIC Forum in Chicago, IL.

The Energy Resources Center, University of Illinois at Chicago will be hosting a one day workshop on Wednesday, April 21 from 8:15AM to 6:00PM. The ERC invites Industrial facility owners, managers, engineers and anyone interested in improving industrial energy efficiency to this workshop to better understand:

- The importance of investigating energy efficiency improvements at your facilities
- The tools necessary to investigate energy efficiency improvements
- The "next steps" necessary for you to proceed with implementing an energy efficiency program
- The follow up support as you proceed to design, evaluate, and implement an energy efficiency program at your facilities

There is a \$45 Registration fee which includes lunch and a networking social hour after the Forum. Persons interested in participating in the Industrial Energy Efficiency Forum should contact Sam Rinaldi at 312-996-2554 or register online at the Energy Resources Center, University of Illinois at Chicago News and Events website.

“We are pleased and proud to be a part of such a broad-based effort to improve industrial energy efficiency,” said Rick Kerman, President and COO of Steiner Electric Company. “It is important to us to be a leader in offering energy saving solutions and make a contribution in the community.”

In addition to the Energy Resources Center, University of Illinois at Chicago, the forum will be sponsored by the U.S. Department of Energy "Save Energy Now Program," the Illinois State Energy Office DCEO, and Industrial Trade Association Allies.
