

# OUTDOOR LIGHTING FOR SAFE EXTERIORS

The autumn and winter seasons bring less daylight and more hazards for employees and patrons around facility exterior walkways and parking areas. Late summer and early fall is the time to check and update outdoor lighting to provide a safe environment and help prevent accidents and injury.

We offer **ComEd time-of-sale instant rebates\*** on LED lamps and other rebate incentives on wallpacks and floodlights. Our lighting application team can help you select the right outdoor lighting solutions to meet your requirements and provide guidance on safety needs and reducing energy costs.

## Area Lighting

Area lighting delivers uniformity and peace of mind for occupants of any large outdoor space. From parking lots and downtown areas to neighborhood walkways, high performance, precision lighting creates outdoor experiences by enhancing safety and security, while drastically reducing power and maintenance costs.

## Flood and Landscape

Whether the project is lighting a sign, building facade or parking lot, LED floodlights and landscape lighting deliver superior uniformity and excellent illumination to the targeted application.

## Wallpacks

Wallpacks are ideal for outdoor storage areas, warehouse and factory perimeters, and loading docks. The easy-to-install design makes it the smart choice for building-mounted doorway and pathway illumination for nearly any facility.
