Pipe and Wire Pricing Sheet

Steiner's Pipe & Wire Pricing Sheet is designed for the contractor as a convenient way to access competitive commodity pricing. We've recently increased the number of products displayed in our Pipe & Wire Pricing sheets, based on customer feedback, to include Elbows, Fittings, Strut, Grounding, Flexible Conduit, CT Cabinets / Metering and more.

To Access Steiner's Pipe & Wire Pricing Sheet Log Into www.steinerelectric.com with your existing login and password.

If you do not already have web access to your account, Click Create Account and complete the registration.

The screenshot shows the Steiner website interface for the Pipe & Wire Pricing Sheet. The top navigation bar includes the Steiner logo, a search bar, and links for Contact Us, My Account, and Home. The main content area is titled 'Pipe & Wire Pricing Sheet' and features a search bar and a 'Print Friendly' button. The primary table is 'Conduit EMT, IMC, GRC, Elbows & Couplings', which lists various pipe types (EMT, IMC, GRC) and their prices. A secondary table below it is titled 'PVC, Conduit, Elbows & Fittings' and lists different PVC products and their prices. A note at the bottom of the table states: '*Prices are subject to change without notice.'

If you previously had a web account and need assistance logging in, please call **847-871-5251 Option #1** or email us at webhelp@stnr.com
